YOU HAVE TO ANSWER ALL QUESTIONS IN ESSAY FORMAT.

Note: Kindly adhere to the guidelines provided below each question when answering.

Question 1 Case Study

Global Technology launched a new fitness product, "Fit-Life," offering heart rate, sleep tracking, and calorie counting features. It has a sleek design, premium packaging, and excellent customer support. The company added benefits like free app access and online consultations to gain a competitive advantage. Initially, sales were low but grew with effective promotion. At the maturity stage, sales were constant despite upgrades like hydration reminders and increased battery life. After a few months, a competitor's lower-priced product caused a decline in sales and market share.

Question 1 (A). Explain the concepts of core benefits, actual products, and augmented products. Using examples from the case study, analyze how each level is demonstrated in the Fit-Life fitness product. (34 Marks)

Answer Guidelines For Question 1 (A) and Marks

To answer effectively, define and explain the three product levels (15 marks). Use the case study to analyze how these levels apply to Fit-Life (15 marks). Ensure your answer is well-organized, with logical flow and relevance, to earn 4 marks for structure, which totals 34 marks.

Question 1 (B). Analyze the product life cycle of Fit-Life, detailing the key events at each stage. Examine the challenges Global Technology encountered during the maturity stage and evaluate the strategies they employed to address these challenges and sustain the product's market presence (33 marks)
