3. ----------
4. ----------

Part IV: Analyzing Visual Media: Examine the following pie chart, and answer the following questions in a PARAGRAPH. (25 marks)

Background: Smart Marketing, a mid-sized advertising company, planned its marketing activities for October. The company wanted to promote its new product line and decided to allocate the marketing budget across different channels. The goal was to maximize visibility, reach target customers, and track engagement.

The budget was distributed in the following pie chart, showing the percentage of the total marketing budget allocated to each channel:
