Part IV: Analyzing Visual Media: Examine the following pie chart, and answer the following questions in a PARAGRAPH. (25 marks)

Background: *Green Bite Café*, a fast-growing restaurant chain, analyzed its monthly sales revenue to understand which product categories generate the highest income. The management team wants to use this data to improve marketing strategies and adjust menu promotions for the next quarter.

The results are summarized in the following pie chart, which shows the percentage of total monthly revenue generated by each product category.

A. What does the pie chart show? Discuss in detail.
B. Identify two mistakes in this pie chart **and correct them**.
C. Is the pie chart the most suitable visual representation for this data? If not, suggest a better visual and justify your choice.
